

IMPORTANT INFORMATION ON EQUINE VACCINATIONS

All horses / ponies attending camp at Barnadown must have a valid passport containing up to date vaccination record against equine influenza.

Vaccines should be administered according to the manufacturers instructions.

Vaccines must be administered by a veterinary surgeon and details recorded in the horses / ponies passport.

All horses / ponies must have at least received an initial primary course of two vaccinations, given between 21 and 92 days apart. Thereafter, a third dose given within 6 months. Subsequently, annual boosters are required.

None of these injections can be given within the previous 7 days of camp/ competitions.

If you need any further clarification on vaccinations please call Ruth Daunt on 087 9680344 (evenings)
